- 5 Crimson Norway Maple
- 6 Cherry
- 7 Hornbeam
- 8 Ash
- 9 Bottle Brush

# Beverley's Nature Walk

## 1 Purple Pollinator Patch

Can you spot the flowers that bees and butterflies love? Count how many pollinators you can see in 60 seconds!

## 2 Sammy The Seal

Look at Sammy the Seal on the wall! He lives in Brixham Harbour, take a trip down there and see if you can spot him!

## 3 Solar Powered Caravan

This eco-friendly caravan runs on sunshine! Look for the solar panels and see how many you can count.

## 4 Nesting Box

These boxes are perfect homes for our feathery friends. Listen closely, can you hear any chirping? How many birds can you spot?

## 5 Tree Ring Counting

Take a look at the tree stump, every ring tells a story! Count the rings and find out how old the tree was.

## 6 Wild Patch

This area is left to grow freely for bugs and beasties. Can you spot something crawling, something flying, and something green?

## 7 Fairy Houses

Shh! Fairies might be sleeping! Look carefully for tiny door hidden in nature. Write down the names of 3 fairies you think live here.

## 8 Yellow Pollinator Patch

Look for buzzing visitors and bright yellow blooms. Can you buzz like a bee and do a 'waggle dance'?

## 9 Bingham Palace

Our five-star insect hotel! Can you find a spider, a beetle or a worm checking in?

Can you count how many floors Bingham Palace has?

## 10 Wildlife Pond

A splashy little habitat! Look for frogs, fish or dragonflies.

Sit quietly, what animals or sounds can you hear near the water?

Tree Spotting - Tick the trees you find!
